

SR\_auto\_ctl::calc

```
graph LR; A[SR_auto_ctl::calc] --> B[printf]; A --> C[FileReader::read];
```

A diagram illustrating function calls. A central node labeled 'SR\_auto\_ctl::calc' is a gray rectangle. Two blue arrows originate from its right side. The top arrow points to a white rectangle labeled 'printf'. The bottom arrow points to a white rectangle labeled 'FileReader::read'.

printf

FileReader::read
